Band Universe B was established in 2017, when a keyboardist Daniel joined a band Mimoszem. His presence changed the genre of the band from pop-rock to metal music with progressive elements. This led to the need of a change in the name of the band. So Universe B come into being.

From the beginning Robert (guitar), Richard (lead vocals), Daniel (keyboards), Michal (bass) and Radim (drums) were playing in the band. After a few concerts the band started to plan to record their first single Alter Jesus. But during the recording bass player Michal left and was replaced by Mychal (bass). After a while the band released a second single Dance with Fire in autumn 2019.
